

Findlay's Story

Findlay is a handsome, 3 year old sable male Collie with a soft, sweet disposition. Due to his background experiences or lack thereof, Findlay needed to be in just the right home - one that understood his shy, cautious nature. His foster home provided the security Findlay needed to feel more confident. Because he needed lots of patience and consistent soft treatment, his foster family decided it would be best to not disrupt Findlay and un-do the progress that he had made, so they made him a permanent member of their family.
