

Marley's Story

Unfortunately, Marley's story is becoming more common among older dogs. After nine years of being a loyal family member, Marley was no longer wanted. This sweet, sable smooth senior gentleman needed a new home. Finding people who are willing to foster is an ongoing challenge of Rescue, but after many calls we found a family who was willing to foster Marley while we looked for his forever home. A few days after we dropped Marley off at his foster home, we received a phone call from them. They had quickly fallen in love with Marley and decided that *they* should be his new family! Marley is quite happy in his new home and has a great time with his new brother, a 7 year-old tri-color Collie named Joey.
